

Philosophy of Art

Christian education is committed to providing a complete education for God's people. The goal of Christian education is to help children know Jesus Christ as their Savior, to grow in their faith, and to develop their talents to be used in this life to bring glory to God.

As Christians, we believe God created the world with great beauty. God has given man the ability to use and enjoy this beauty as a means of glorifying Him. The Christian student needs guidance in learning to appreciate and use the beauty of God's creation to praise the Lord. The psalmist wrote, "All you have made will praise you, O Lord; your saints will extol you." (Psalm 145:10)

The school art program should provide guidance in developing aesthetic abilities in the student. The student will be led to glorifying God by using individual abilities to visually and verbally think, imagine, and communicate.
